BUSY SESSION OF THE CITY FATHERS

REPORT OF TREASURER SENT IN AND FOUND CORRECT.

Application of Janesville Electric Company to Lay Heating Pipes in the Streets and Alleys is Referred to the Highway Committee—Batch of Routine Business.

An adjourned meeting of the common council was held at the council chamber last evening. Mayor Richardson presided and there were present Aldermen Judd, Hutchinson, Hemming, Kothman, Valentine and Rice.

The report of the city treasurer for November was received and referred to the finance committee who later reported it to be correct.

The petition of the C. & N. W. R. R. to have a tax certificate on a lot belonging to the railroad cancelled was referred to the judiciary committee, who later presented an order that the city clerk draw an order on the treasurer for \$1.53 in favor of W. H. H. Macdonald, the holder of the tax certificate.

The petition of Julius Marquette for the change in the plan of extension of the water main across the river, to have it run down Franklin street instead of Jackson street, was referred to the fire and water committee, who asked for further time which was granted.

The petition of the Rock River Machine company to erect a building at their plant, 209-11 North Main street, was referred to the fire and water committee, who reported favorably and permission was granted.

The application of the Janesville Electric company to lay pipes in the streets and alleys of the city for the purpose of carrying heat to buildings in different parts of the city was referred to the highway committee who asked for more time which was granted.

The report of City Electrician Kline as to the condition of the electric lights of the city during the month of November was referred to the lighting committee who asked for more time to report which was granted.

A petition was received from the Janesville Water company asking that an ordinance be passed by the council to compel the Janesville street railway to establish a metallic return circuit for the electrical current used by the railroad in order that their water pipes might be protected from the ravages of electrolysis.

This petition was signed by the Janesville water company, New Gas Light Company and the Janesville Electric Co. It was referred to the judiciary committee who asked for more time which was granted.

A petition for an arc light at the intersection of South River and Dodge streets and signed by all the business men of that vicinity was read and referred to the lighting committee who asked for more time.

Alderman Valentine of the finance committee presented a batch of bills which the clerk read, and moved that the city clerk draw orders on the city treasurer for the same. Carried.

The mayor was instructed to borrow \$2,000 to be placed to the credit of the bridge fund for the completion of the work on the Jackson street bridge and for contingent expenses.

The report of the municipal court for November was reported in due form and placed on file.

On motion of Alderman Judd permission was granted J. P. Wright to erect a block on South Main street and to use a portion of the street for storing material during the erection of the block. He is to hold the city harmless for any injury that may be caused by such occupancy.

The Janesville Water company were instructed to make a three inch tap in the water main on North River street near the Jeffris mill, to connect with the pipe running over the mill. This pipe is to be used only in case of fire and the city is to pay the usual hydrant rent of \$25 per year for the same.

The twelve fire hydrants on the new

extension to George Place in Spring Brook are to be placed as has been designated, the city to pay \$25 per year rental for each hydrant from the time it is in place ready for use.

MALLARD IS KING OF THE WEBFOOTS

FINER POINTS OF HUNTING THIS WARIEST OF DUCKS.

Difficulties of Getting Within Range of Their Feeding Grounds in the Marshes—Acorns Preferred to Corn by the Birds—Later Flights Than Usual This Winter.

The habits of migratory fowl are not perfectly understood by everybody. There is no hard and fast wintering place to which the birds go and where they spend the entire winter until they get ready to come north again. The southern limit of the flight is not yet known accurately, though it is well known that a great many ducks winter in Mexico or even farther south than that.

A vast number of birds winter on the sea marshes of Texas and Louisiana, but these birds do not go there at a stated time or leave there at a stated time, nor is the supply seen there during the winter a constant one. A mild spell of weather in upper Texas and Arkansas will cause them to begin to work north at any time in the winter. A cold storm in Arkansas will send a renewed number of birds down to the gulf coast. A duck is much like any other animal, and is disposed to make its living the easiest way it can. When the feed and climate do not suit it, it simply takes its flight for a hundred, two hundred, or three hundred miles, and in a few hours is comfortable again, or as nearly so as the ever present duck shooter will permit.

Mallard shooting is magnificent sport. The lucky sportsman who falls in with a good flight of these birds not only secures a beautiful and delectable game bird, but does so under strictly sporting conditions. He will not only have to know how to shoot, but what is equally important, he will need to know how to hunt. Tough, hardy and sagacious, this wary wild fowl is the last to leave the north when cold weather comes, and will indeed practically winter in this region if the weather remains mild enough and open enough so that it can find open water for roosting and plenty of unhusked corn in the fields.

A duck always alights against the wind, hence the shooter should put his decoys downwind from him. In a narrow channel or flyway he can sometimes put them to advantage at right angles to the direction of the wind. He will build his blind with the utmost care, for on this depends much of his success.

The shooter should keep absolutely quiet, and he should keep low down in his boat. The man who is so nervous that he has to be standing up and fidgeting around all the time will never make a duck shooter.

By no means let him rise up in the blind until he is perfectly sure that the birds are within range. He will need to hold above his bird for the second shot, for the upward jump of a startled mallard is one of the quickest things in nature.

You want a hard hitting gun for this work, and you want to know how to hold.

There has been some pretty good mallard shooting in Wisconsin this

fall, mostly on the better known marshes, such as the Winneconne, Butte, Des Morts, and Horicon marshes. All this shooting is done over decoys.

AMUSEMENT NOTES

Janesville theater managers are about the only ones in the country who will allow late arrivals to straggle down the aisles while the curtain is raised, and there is a good deal of complaint on this account on the part of those people who are promptly on hand, and who do not wait until nearly every one has taken his seat and the players have made their bows. Some of the fault finders who are endeavoring to induce Manager Myers to inaugurate a reform, argue that a person who is bespangled with jewels or who has a new hat can show the same to just as good advantage by coming early. Nearly every important theater in the country compels late arrivals to wait in the rear of the theatre until the curtain goes down on the first act.

Every comedy that has emanated from the prolific brain of Charles Hoyt, has been well supplied with music, but in "A Hole in the Ground" it is reported that he has injected so much bright and spirited music that the piece takes on the air of a comic opera. "A Hole in the Ground" is in three acts. There are twenty-six musical numbers, and many of them are of a distinctly novel character. It comes here Jan. 7, 1901.

"The Sorrows of Satan," which appears at Myers Grand next Monday night, is a production by Wm. A. Brady, whose many companies in both musical comedy and pure drama have always been of the highest grade and his accessories of the most elaborate and costly character. The cast selected, however, is said to be eminently adapted to the many complex roles. The gowns worn by the women, who represent the Prince of Wales set in London, are elaborate, and the scenery is decidedly realistic, particularly the Satanic storm at sea, in the midst of which the devil is again received into heaven.

If you want to be thrilled, see the wonderful scene in which a villain jumps from a high window to a naked electric wire and is shocked to death, in "The Tide of Life." The nerve-wracking effect of this incident is beyond description. It will come to the Myers Grand Dec. 25.

"Hello Bill," which is to be presented at the Myers Grand Wednesday, Dec. 19, is not what the name might indicate, a rough-and-tumble slapstick farce, but a howlingly funny legitimate comedy. It deals with a marital subject, but from a humorous standpoint, and the pomp and panoply of war serves as a fitting background to comedy of the fastest and most furious type. To the casual observer then would seem nothing farcical in our late little unpleasantness with Spain, but Willis Maxwell Goodhue has weaved a farcical foundation and woven a web of curious comicagies on what would seem at first glance a tragic subject, such as to cause the most intense laughter and leave the auditor helpless with unmodified mirth after witnessing it. The engagement of Wednesday, Dec. 19th, will be strictly first-class, and those attending can be assured of the comedy treat of the season.

ACT TO REGULATE TRADE OF BARBERS

PROVIDES FOR A BOARD OF THREE EXAMINERS.

All Barbers Practicing in the State Shall Get a Certificate from This Board and Pay One Dollar for It—Heavy Penalty Imposed—Local Branches Being Organized.

The title of the barbers' bill which will be introduced in the next legislature is, "An act to regulate the practice of barbering, the licensing of persons to carry on such practice, and to the better education of such practitioners, and to insure the better sanitary conditions in barber shops, and to prevent the spreading of disease in the state of Wisconsin."

The bill provides for the creation of a board of three barbers to act as examiners. These are to be appointed by the governor. The members of the board will be required to have practiced their trade at least five years. Each member of the board will be required to give a bond of \$2,000 for the faithful performance of the work and the treasurer of the board is to give an additional bond of \$2,000. Each member is to receive a compensation of \$5 per day for actual service and three cents a mile for miles traveled in attending meetings of the board. The compensation is to be paid out of money in the hands of the treasurer.

Certificates of Barbers.
The bill provides that all barbers practicing in the state at the time the bill passes shall get a certificate of registration from the secretary of the board and pay \$1 for it. Four examinations every year shall be held. Any person applying for examination must pay a \$5 examination fee. In order to be entitled to a certificate of registration he must be over nineteen years of age, of good moral character, healthy, and a student or practitioner of the tonsorial art for three years, either in a barbers' school or a good shop. The law does not affect apprentices who are learning their trade. The board is authorized to revoke the certificate either for gross incompetency or for having or imparting a contagious disease, after giving the holder of the certificate notice in writing and an opportunity to refute the charges.

Fine is Imposed.
A penalty of a fine of from \$10 to \$100 or imprisonment from ten to ninety days is provided for barbering without a certificate or for pretending to be qualified when they are not so.

Local branches have been organized at Menominee, Chippewa Falls and Madison. The officers of the State Barbers' Protective association are: President, F. J. Victoria, Oshkosh; vice-presidents, A. F. Brown of Milwaukee, L. P. Zilkoski of Green Bay and George E. Mangold of Racine; secretary and treasurer, M. H. Whitaker, Janesville.

Nothing Tastes Good

And eating is simply perfunctory—done because it must be.

This is the common complaint of the dyspeptic.

If eating sparingly would cure dyspepsia, few would suffer from it long.

The only way to cure dyspepsia, which is difficult digestion, is to give vigor and tone to the stomach and the whole digestive system.

Hood's Sarsaparilla cured the niece of

Frank Fay, 106 N. St., South Boston, Mass., who writes that she had been a great sufferer from dyspepsia for six years; had been without appetite and had been troubled with sour stomach and headache. She had tried many other medicines in vain. Two bottles of Hood's Sarsaparilla made her well.

TROUBLE OVER A GAME OF TEN PINS

TWO YOUNG MEN HAVE STREET CORNER FIGHT.

H. G. Sloan and Philip Koch have an encounter—The former is cut in several places, and swears out a warrant for arrest of the latter.

An affray in which a knife in the hands of one of the parties interested took a leading part took place this morning about three o'clock near the First National bank corner. H. G. Sloan and Philip Koch had been in the bowling alley for some time and were engaged in a game of ten pins.

Both parties had been celebrating during the evening and were considerably under the influence of liquor and were both very noisy and inclined to be quarrelsome. They continued playing and the stakes finally reached ten dollars a game, when a dispute arose over the outcome of a game which the owner of the bowling alley stepped in and stopped. The parties then left the alley and crossed the street near the First National bank where the quarrel was renewed and after a lengthy battle of words came to blows. Koch was getting the worst of the battle and without warning whipped out a knife and proceeded to try and make mince meat out of Sloan. Sloan had on a heavy overcoat which saved him from being seriously cut. He was slashed on one arm near the wrist, the cut going through the cloth of his clothes, but not reaching the flesh. Another cut was across the front of the coat on the abdomen. This cut did not reach the body.

The third cut was across the breast. There the blade reached the flesh cutting through his overcoat, undercoat, vest and shirt and making a cut near the center of the chest about an inch long and a quarter of an inch deep which bled considerably. After the knife had been used the two men separated Koch going towards home and Sloan in search of a doctor. The doctor made an examination of the cut and found that it was nothing serious.

This morning Sloan appeared in the municipal court and swore out a warrant for the arrest of Koch, charging him with assault with intent to do great bodily harm. The warrant was given to an officer who went immediately to Koch's house and was informed that Koch had left for Milwaukee this morning on the seven o'clock train and would not be home for some time.

The only thing that saved Sloan was the heavy clothing that he wore. Two of the cuts were in bad places to be wounded and Sloan can be thankful that he is not a fit subject for the hospital this morning.

Municipal Court Report.

The municipal court report as presented to the council last night shows the last month's business in regard to fines was very light. But six cases were tried that fees were collected from and two where the fines imposed were paid.

The court fees amounted to \$6.94. Fines, \$3.00. City Marshal's fees, \$1.40.

The city receives one-third of the court fees or \$2.31, all the fines and marshal's fees. The county receives two-thirds of the court fees and received \$4.63.

The Janesville medical fraternity is well represented in the list of officers and on the committees: Dr. W. H. Palmer is third vice president and a member of the committee on surgery; Dr. S. B. Buckmaster is on the board of censors and committee on practice. Dr. James Mills represents the city on the obstetric committee; Dr. E. E. Loomis, therapeutics, and Dr. J. F. Pember, pediatrics.

IN HONOR OF ALICE FENTON.

Miss Clara Scofield Gave a Surprise Party Last Night.

Mrs. Clara Scofield gave a surprise party at her home one and one half miles from Hanover, in honor of Miss Alice Fenton, who has been teaching school in that district for the last two years and has lately resigned to accept a position in the public schools of this city. During Miss Fenton's residence in that neighborhood she has made a large number of friends and it is with sincere regret that the people and scholars see her leave.

About forty young people gathered at Mrs. Scofield's home in response to her invitations and an evening of genuine pleasure was spent. Tempting refreshments were served and enjoyed by all present. The time was spent in playing cards and other games. At the close the guests joined in bidding Miss Fenton an affectionate farewell.

Realized the Sum of \$180.

The pleasant sum of \$180 was realized by the Presbyterian church ladies from the lunch, supper and sale yesterday.

This covers, of course, quite a little labor on the part of many, and some expense, more or less, in furnishing eatables and fancy work. Still it was concerted effort in which the effort was divided, and the results certainly warrants the expenditure of energy, money and material.

A Christmas Cantata.

A committee of ladies of the Court Street M. E. church is busy with a Christmas cantata entitled "The Christmas Fairies." The committee consists of Mrs. J. L. Hay, Mrs. Wm. Blodgett and Miss Leona Stevens. The music is very pretty, and the presentation is looked forward to with much interest. Rehearsals are already in progress, and the Sunday school children who will take part display enthusiasm as well as ability.

Death of James Conlin.

D. Ryan and Son received a telegram from Elroy this morning announcing the death of James Conlin a conductor on the C. & N. W. R. R. Mr. Conlin formerly resided in Footville. His remains will arrive in this city on Saturday at 3 p. m. over the C. & N. W. R. R. and will be taken direct to Mount Olivet cemetery for burial.

LATE TELEGRAPHIC NEWS.

THE CAPITAL CITY EN FETE.

Washington Celebrates One Hundredth Anniversary.

STREETS GAY WITH COLOR.

Imposing Parade from White House to Capitol Building a Feature of the Programme—Many Governors Are Present.

Washington, D. C., Dec. 13.—The national capital was in gala garb all day in celebration of the 100th anniversary of the establishment of the seat of federal government at Washington. For the time being the wheels of government ceased revolving; business, public and private, was suspended, while the president and his cabinet, the senate and house of representatives, the federal judiciary, the governors of many states, and a great concourse of citizens and visitors joined in the elaborate festivities of the day.

A Great Gathering. Perhaps never again will this generation witness such a significant gathering participated in by the heads of states and the chief executive of the nation. One hundred years ago the transfer of the seat of government was made from Philadelphia to Washington and the site previously selected by President Washington was taken possession of by the various branches of government, President and Mrs. Adams driving over from Philadelphia, the senate and house holding their sessions here for the first time.

For months Washington had been preparing for a fitting commemoration of this interesting historical event, and the celebration today was designed to bring out the development which a century has brought forth, both in the capital and in the nation.

Scenes on Pennsylvania Avenue. From an early hour the streets were filled with an eager and expectant throng. Pennsylvania avenue was a blaze of color from end to end, the business houses being hung with bunting, flags and patriotic devices. The great public buildings added their share to the brilliancy of the spectacle. From the front of the treasury radiated an enormous sunburst of red, white and blue.

Further on, the war, state and navy departments and the department of justice were resplendent in the national colors. At the other end of Pennsylvania avenue the massive front of the capitol was hung with long streamers, and from the dome fluttered a myriad of flags, while the front of the huge postoffice department was covered with national colors.

The Day's Programme. The program of the day began with a reception at 10 o'clock by President McKinley and members of his cabinet to the governors of the states and territories at the executive mansion. This was followed by the unveiling in the east room of the model of the proposed enlarged executive mansion, which is to be a lasting memorial of the celebration.

Met by McKinley and Cabinet. At just 10:30 o'clock the president descended the west stairway with Secretary Hay at his side. Immediately following were the other members of the cabinet, walking two and two, the only absentee being Attorney General Griggs. As the president and party entered the west corridor the marine band orchestra in dress uniform struck up "Hail to the Chief."

Gov. Roosevelt of New York, who had been spending an hour with the president in the library on the second floor, came down a few minutes later and joined the other governors in the red parlor. As the orchestra struck up the inspiring strains of "My Country, 'Tis of Thee," the reception began, the presentations being made by Colonel Bingham, United States army.

Many Governors Present. The following governors were present: G. W. Atkinson, West Virginia; D. W. Bloxham, Florida (represented by Col. F. Q. Brown); C. M. Barnes, Oklahoma; D. W. Jones, Arkansas; J. A. Mount, Indiana; C. S. Thomas, Colorado; E. W. Tamm, Delaware; L. M. Shaw, Iowa; Llewellyn owers, Maine; F. W. Rollins, New Hampshire; F. M. Voorhees, New Jersey; J. H. Taylor, Virginia; M. A. Otero, New Mexico; S. Staunenberg, Idaho; Gov. Stone, Pennsylvania; E. Schofield, Wisconsin; D. L. Russell, North Carolina; Theodore Roosevelt, New York; A. E. Lee, South Dakota; N. O. Murphy, Arizona; William Gregory, Rhode Island; J. W. Smith, Maryland; W. M. Crane, Massachusetts; Gov. W. W. Heard, Louisiana.

The addresses at the white house were as follows: "History of the Executive Mansion During the Century," Col. Theodore A. Bingham; "The Development of the District of Columbia During the Century," Henry B. McFarland; "The Development of the States During the Century," Gov. Leslie M. Shaw of Iowa.

Plans of the New Mansion. Col. Bingham, U. S. A., superintendent of public buildings and grounds, gave an interesting account of the plans for the enlargement of the executive mansion. A model of the mansion and its proposed addition occupied a prominent place in the east

room, by which Col. Bingham was able to illustrate the improvements and additions desired. Of all the records he had been able to find of extensions that prepared under the supervision of the late Mrs. Harrison came nearest, he said, to fulfilling certain guiding principles considered as necessary to be followed in any design for an extension. Mrs. Harrison's plan, he said, consists, in a word, of buildings about the size of the present house, one on the east side and one on the west side of the white house grounds, connected to the present mansion by curved wings—the quadrangle being completed by rebuilding the conservatories at the south end of the grounds.

President McFarland Tallies. President H. B. McFarland of the board of district commissioners was then introduced, and reviewed the historical development of the District of Columbia. Commenting on its form of government he said: "Although many good citizens have regretted that in the national capital taxation without representation is the principle of government, it is generally admitted that for the District of Columbia the present form of government is the best possible.

"Free from the slightest suspicion of scandal, successive boards of commissioners of the highest character have administered the affairs of the district more efficiently and economically than the affairs of any other American municipality have been administered, and to such general satisfaction that there has been no lasting criticism.

"The capital of the nation claims the allegiance of the citizen of every other city, even above that which he gives to his own city. This is recognized in the growing desire of our countrymen everywhere that the needs of the national capital shall be generously met."

THE DUTY OF MOTHERS.

What suffering frequently results from a mother's ignorance; or more frequently from a mother's neglect to properly instruct her daughter!

Tradition says "woman must suffer," and young women are so taught. There is a little truth and a great deal of exaggeration in this. If a young woman suffers severely she needs treatment, and her mother should see that she gets it.

Many mothers hesitate to take their daughters to a physician for examination; but no mother need hesitate to write freely about her daughter or herself to Mrs. Pinkham and secure the most efficient advice without charge. Mrs. Pinkham's address is Lynn, Mass.

Mrs. August Falsgraf, of South Byron, Wis., mother of the young lady whose portrait we here publish, wrote Mrs. Pinkham in January, 1899, saying her daughter had suffered for two years with irregular menstruation, had headache all the time, and pain in her side, feet swell, and was generally miserable. Mrs. Pinkham promptly replied with advice, and under date of March, 1899, the mother writes again that Lydia E. Pinkham's Vegetable Compound cured her daughter of all pains and irregularity.

Nothing in the world equals Mrs. Pinkham's great medicine for regulating women's peculiar monthly troubles.

J. J. Cunningham, Attorney. STATE OF WISCONSIN—County Court for Rock County—In Probate. Notice is hereby given that at a special term of the County Court to be held in and for said county at the court house, in the city of Janesville, on the 15th day of January, 1900, at 9 o'clock a. m., the following matters will be heard and considered:

Army Officers Say System Is Necessary.

Abolition of Liquor in Camp Expected to Diminish Re-enlistment—Source of Filipino Supplies—An Incident Concerning the British Flag.

Washington, Dec. 13.—One of the strong arguments that is being used by army officers against the abolition of the camp canteen is that such action will make it extremely difficult to secure recruits for the new army that will have to be raised immediately following the enactment of the army reorganization bill into law. The war department believes that it will be difficult enough under the most favorable circumstances to get together all the men that will be required to perfect the new organization, and they are quite confident that the abolition of the canteen will be an obstacle which it will be almost impossible to overcome. It is claimed that the post canteen is the only feature of military life offered to the soldiers which is calculated to compensate him for the hardships and sacrifices of a hard campaign in the field or for the monotonous service under the strict discipline of the garrisons in the United States.

Portuguese Settlement of Macao May Be Junta's Headquarters.

Washington, D. C., Dec. 13.—The British government having formally notified the United States government that it has been unable to locate the reported Philippine junta in Hong Kong, our government agencies have been put to work to ascertain where the munitions of war and other supplies which reached the insurgent Filipinos originate. It has now been discovered that the Portuguese settlement of Macao, located on the Chinese coast and convenient to the Philippines, is one of the points of insurgent activity, and probably the abiding place of one of the Philippine juntas. A further investigation is being made, pending which no action has been taken in an international sense.

UNION JACK LOWERED.

Speaker Henderson Changes Decorations in the Big Hall.

Washington, D. C., Dec. 13.—While the union jack of England was flying from the flagstaff of the British embassy by order of Lord Pauncefote in honor of the capitol centennial celebration, the same flag was taken down from the decorations in the hall of the house of representatives by order of Speaker Henderson, though the flags of other powers were left in place.

What Speaker Henderson Says. The speaker said to-day he had no intention of doing anything discourteous to the British government. He had acted on the report of Mr. Kennedy, that no other foreign flags were used, and he had the British flag taken down because it would not be proper to put one nation over all others. He said he had not noticed the flags in the hall particularly. He noticed that the effect was very fine, and thought Mr. Kennedy was right in saying that the other flags were not national flags, but were signal flags.

The Hay Treaty. It is declared in certain quarters that if necessary to secure the ratification of the Hay treaty the British government will at once consent to the fortification of the canal, being fully convinced of the fact that with her own navy Great Britain can at once close the canal to all the world, the United States included.

Banana Trust Faces Loss. Chicago, Dec. 13.—Unless the banana trust speedily finds some market for the bananas it has forwarded to the Chicago market from New Orleans, it will have to face a monetary loss of \$42,750. Ninety car loads of the yellow fruit are standing in the Illinois Central yards and the trust is unable to find any merchants or commission houses in Chicago to take it at any price.

New-Hunt for Irish. Dublin, Dec. 13.—To-day's sessions of the Nationalist convention are deemed to be of great importance inasmuch that it has been plainly shown forth that William O'Brien is to be considered as the leader of the party and that John Redmond, although still nominally at the head, will henceforward be greatly moved by the adherents of O'Brien.

Coopers Oppose Beer Bill. Dubuque, Iowa, Dec. 12.—The coopers of this city have entered a protest against the bill now pending before the senate of the United States relative to the withdrawal of the one-eighth barrel revenue stamp for beer. The claim that its passage would reduce their chances of employment.

Des Moines Grand Stand Gone. Des Moines, Iowa, Dec. 12.—The baseball grand stand and bleachers, a frame house belonging to F. M. Hubbell, a house and livery barn of Young & Butler and the Auditorium boiler room and stage fixtures were destroyed by fire today. Loss \$12,000.

"MOTHERHOOD"

A Book for Girls and Women SENT FREE

It tells plain facts that everyone of the gentler sex ought to know. Its common sense advice saves pain, trouble and anxiety. One or more copies sent upon request, to one person or to different addresses. If the readers of this announcement know of expectant mothers, they will do them a great favor by having this book sent to them. Address the publishers, THE READFIELD REGULATOR CO., Atlanta, Ga.

POND'S EXTRACT

There is only ONE POND'S EXTRACT, and everybody knows its purity, strength and great medicinal value. Don't take the weak, watery Witch Hazel preparations represented to be "the same as" POND'S EXTRACT. They generally contain "wood alcohol," which irritates the skin, and, taken internally, is a deadly poison. Get genuine POND'S EXTRACT, sold ONLY in SEALED bottles, in BUFF wrappers.

Controls Pain, Bleeding and Inflammation

Omega Oil

SORE THROAT is dangerous and calls for prompt treatment. The quickest, safest, surest cure known is Omega Oil. First rub the throat thoroughly with this liniment, and then saturate a piece of flannel with it and bind around the neck. Omega Oil is splendid for Bronchitis, Swollen Tonsils, Difficult Breathing and Cold in the Chest. It is better than anything else in this world. It is good for everything a liniment ought to be good for.

ST. CLAIR MINERS ON STRIKE.

Missouri and Illinois Coal Company's Men Want Regular Pay Days.
St. Louis, Mo., Dec. 13.—Two hundred and fifty men, including all the miners, drivers and laborers employed at the three mines of the Missouri and Illinois Coal company in St. Clair county, Illinois, are out on a strike to secure regular pay days. The mines affected are the Wilder, at Wilder station and the St. Clair, at Freeburg, both on the Illinois Central railroad, and the Reutcher mine, at Reutcher station, on the Louisville & Nashville railroad.

Topeka Is to Fight Vice.
Topeka, Kan., Dec. 13.—Topeka has begun a crusade against vice by subscribing \$26,000 as a fund for the prosecution of saloon-keepers. The officers of the Good Citizenship Federation say they will make the subscription \$100,000 before they are through with it. A special committee for the enforcement of the prohibitory law in the city has been formed, and is composed of the following men: Edward Wilder, treasurer of the Santa Fe railroad company; C. J. Devlin, J. W. Gleed, W. W. Mills, and P. I. Bonebrake.

Bills Passed at Manila.
Manila, Dec. 13.—The Philippine commission has passed bills providing for a readjustment of the salaries paid to civil officials, these having been previously fixed at haphazard, owing to the exigencies of the military situation. The commission also passed a bill appropriating \$150,000 for the maintenance of a provincial native police force. This force is chiefly designed to suppress thieves.

A TRYING POSITION

Janesville Readers Will Appreciate This Advice.

A constant itching tries your patience. Nothing so annoying. Nothing so irritating as itching piles or eczema. To scratch the irritation makes it worse, to leave it alone means misery. Some citizens can tell you how to be free from these troubles. Read the following:

Mr. L. Lawrence, of 408 S. Franklin St., engineer at the Janesville Electric Light Co., says: "I tried about every remedy recommended for itching of the skin, but found nothing to give me relief until I struck Doan's Ointment at the People's drug store. I had an affection of the skin on my face caused from the burning oil about the engine and dynamo. My face itched and annoyed me, and rubbing it only made it worse and made it sore. I could hardly stand shaving, for the skin broke and bled. A few applications of Doan's Ointment removed the itchiness and healed up my face in a few days. I would not be without this remedy in my house, and I certainly recommend it to others in need of such a preparation." Sold for 50 cents per box by all dealers. Foster-Wilburn Co., Buffalo, N. Y., sole agents for U. S. Remember the name, "Doan's," and take no other.

LOVE

Lives only in the present. Nature throws a glamour around youth and maiden, so that although they saw misery and marriage walking hand in hand in every home in the world they would fondly believe that they could marry and defy misery.

Young women should be taught to prepare for marriage. They should understand how to preserve their womanly health through the functional changes of maternity. Doctor Pierce's Favorite Prescription is the most effective medicine for the preservation of womanly health and the cure of womanly diseases. It regulates the periods, dries encrusting drains, heals inflammation and ulceration, and cures female weakness. It prepares the womanly organism for maternity and makes the birth hour practically painless.

"Favorite Prescription" contains no alcohol, neither opium, cocaine, nor other narcotic.

"My wife was afflicted with uterine trouble for several years," writes Mr. J. C. Day, of Little Britain, Lancaster Co., Pa., "and in November, 1898, the doctor said she had a miscarriage. He treated her for about two months or so, but there was but little improvement. I wrote you after she had commenced to take 'Favorite Prescription' and you told us to get 'Golden Medical Discovery' also. She took six or seven bottles of 'Favorite Prescription' and two of 'Golden Medical Discovery' and got out of bed and was able to attend to her household work."

THINK OF YOUR STOMACH

If people would think more of their stomachs there would be less sickness and suffering in the world. Through sheer ignorance and thoughtlessness, men and women overcrowd their stomachs and injure them with unwholesome food, thus imposing on them work which nature never intended them to do. In this manner the vast majority of people sooner or later become afflicted with some kind of stomach trouble, for it has many forms, including malaria, indigestion, constipation, diarrhoea, inflammation of the stomach, etc. Liver and bowel complaints are also often due to nothing but deranged action of the stomach. It is because people eat food of unwholesome quantity or quality that their stomachs become disordered and fail to perform their duty of digesting and assimilating the food. For relieving and curing every form of stomach, liver and bowel trouble, and for helping and strengthening these organs to perform their functions perfectly, nothing is equal to

JOHNSON'S STOMACH TABLETS

They cure scientifically, unfailingly, permanently. By assisting in the proper digestion of food, and the regular discharge of the waste through the intestines; they keep the blood pure, the system cleaned and toned, and induce health and long life.

the United States, we are in position to **save you at least twenty-five per cent. on HANDKERCHIEFS.**

For 5c each

We offer 500 doz. fine Sheer Swiss Handkerchiefs, all are good for the money. Some are hemstitched, Some are embroidered, some are satin striped and checked, some have colored borders. They are as good as you ever bought for 10c.

For 25c each

We offer 200 dozen, not the coarse common kind, but the fine Sheer Handkerchiefs, many of them pure linen with dainty narrow embroidery and hemstitching. You would not consider them high should we ask you 40c and 50c for them.
